

#GetOnBoard Week 2021

A VIRTUAL SUMMIT OF ADVOCACY & ACTION TO CATAPULT
FEARLESS WOMEN LEADERS INTO BOARD SEATS

OCTOBER 4-8, 2021

Join us and 2000 others for #GetOnBoard Week, an exciting virtual summit filled with 30+ **board-related activities** for board-ready and active female board directors, as well as colleagues seeking to learn more about the movement and to meet our impressive group of women leaders.

Diverse boards have become imperative:

- 100% of S&P companies have at least one female director
- 23% of Russell 3000 director seats are filled by women
- 11% of board directors (public & private) in the U.S. are women

6 states have followed California's lead with SB826 and have adopted or proposed amendments for gender diversity in the boardroom. NASDAQ, BlackRock and StateStreet are demanding board diversity. This means 1000s of seats for women are opening up in the coming years.

How Women Lead is one of the primary actors driving the change in corporate board composition in the US. Research confirms that companies perform better when boards are diverse and focus on stakeholder value.
